## *--Our Mission--*

Our mission is to establish long-term, mutually rewarding relationships with each of our valued clients by consistently surpassing their expectations and gaining their trust through exemplary and dedicated performance by every member of our Team.

## *--Our Vision--*

To be the region's most professional and respected commercial contractor/ electrical service provider. We understand that our clients appreciate the focus on preventative & proactive maintenance and the resulting peace of mind that comes from working with us.

## *--Our core values--*

### ***Customer Focus***

We concentrate our efforts towards a better and long-term relation with our clients, and ensure to build a trust-based relationship with them.

### ***World Class Services***

We strive to ensure excellent service in all what we do and we do it with honesty, integrity and professionalism.

### ***Competitiveness***

We operates a competitive business offering customers an electrical installation at a price that can assure customer satisfaction while still providing a reasonable profit from operations for us.

### ***Teamwork***

We value collaboration and team contribution, encourage creativity, initiatives and new solutions, and align to the utmost result exceeding success.

### ***Commitment***

We are monitoring every project thoroughly from beginning to end. We are having energy to ignite others to perform. Our team makes sure that we are treating our colleagues, customers, suppliers, and community with integrity, respect and empathy.

Our future depends on repeat business. Consequently, we approach each job with the intention that it is the beginning of a long relationship with a new customer. By emphasizing responsiveness, dependable service and integrity we are able to provide cost-effective value whether on a service call or working on a turnkey project.

## *--The workforce behind PrimeTech--*

Our team brings together many specialists to solve your electrical needs. Their integrated technical knowledge and field experience provide you with a total electrical service during budgeting, design and construction throughout the life of your operation. That service goal characterizes all aspects of prime-tech including a commitment to providing superior electrical construction at a reasonable cost.

## *-Health & Safety Policy-*

### **Our employees are of paramount importance!**

**Prime-Tech** recognizes that the talent and energy of all its employees are its most valuable assets. Their safety and health demand the same degree of attention and emphasis as that placed on our main-stream activity which encompasses quality, proficiency, efficiency, environmental and financial awareness.

We also recognize our responsibilities for the health and safety of others that may be affected by our activities. It is our aim to achieve a working environment, which is free of work- related accidents and ill health, and to this end we will pursue continuous improvements from year to year.

**Prime-Tech** recognizes the importance of a safe work environment through the following:

- Identify hazards in the workplace, assessing the risks related to them and implementing appropriate preventive and protective measures
- Provide and maintain a safe workplace and work equipment
- Establishing and enforcing safe operating practices
- Ensuring that tasks given to employees are within their skills, knowledge and the ability to perform
- Ensuring that technical competence is maintained through the provision of refresher training as appropriate
- Promoting awareness of Health and Safety and of good practice through the effective communication of the relevant information
- Furnishing the resources needed to meet these objectives

All employees are encouraged to contribute actively towards achieving a work environment, which is free of accidents and ill health. All employees are issued with all relevant personal protective equipment. Seminars and lectures are held regularly to discuss the correct use of personal protective equipment, as well as other aspects of safety.
